Chemicals and Gases

Name: _____ Advisor: _____

Chemical/Gas Name	Date	Volume	Location in Nanofab	MSDS	Chemical Descrip. & Hazard Analysis	Advisor Initials	Nanofab Director Initials

I have acquired a Material Safety Data Sheet, my advisor's initials, and a Chemical Description and Hazard Analysis form. I understand the proper handling, chemical compatibility, storage, shelf life, and waste disposal procedures of each chemical on this list. I will follow these procedures when using these chemicals. Each chemical is marked with my name, campus extension and date. Each chemical will be removed by me from the Nanofab upon completion of my project or when no longer needed. Any chemicals removed from the Nanofab will be crossed off of this list.
